

Declaration of Consent Version: 08-2011

Regarding the storage and publication of dissertations and postdoctoral theses on data networks and the assignment of distribution rights to the SuUB Bremen

I hereby grant the State and University Library Bremen (SuUB) the non-exclusive right to archive the electronic version of the work named below, together with attending bibliographic data, in its institutional repository, to convert it to other data formats as necessary and to make it publicly available on the Internet and within other data networks in accordance with "Open Access" principles.

Author:

Document title:

- I hereby declare that the electronic version of this dissertation / thesis submitted to the State and University Library Bremen (SuUB) corresponds in its entirety with the examination copy approved by the Doctoral Committee.
- I give my consent to the State and University Library Bremen (SuUB) and the German National Library (Deutsche Nationalbibliothek) to archive this dissertation / thesis and to make it publicly accessible on their servers, and hereby acknowledge the "Terms of Agreement for the Publication of E-Documents on the Document Server" (Version: 08-2011) of the State and University Library Bremen (SuUB).
- All copyright and licensing issues relating to the electronic publication of this work – in particular with regard to patents (pending or otherwise), trademarks and brands – have been resolved by the author. I am fully aware that the publishing rights of the State and University Library Bremen will remain unaffected should I choose to publish this thesis through a publishing house at a later date. I agree to inform the State and University Library Bremen (SuUB) without delay of any claims brought by third parties involving the infringement of intellectual property rights, and to notify the Library of any potential infringement of intellectual property rights with regard to both the text and images contained in this document that would preclude its publication.
- I am aware that personal data relating to this work (CV etc.) will be stored on electronic devices and made publicly accessible, and give my consent to this.
- I am aware that the State and University Library Bremen (SuUB) cannot be held liable for any errors resulting from technical issues.
- I am also aware that the State and University Library Bremen (SuUB) cannot be held liable for any damages incurred by third parties illegally altering or reproducing downloaded documents.
- Amendments to this electronic version can only be made with the express permission of the responsible Doctoral Committee. Published theses cannot be retracted following their publication through this service.
